

Apprenticeships Find your inner Superhero

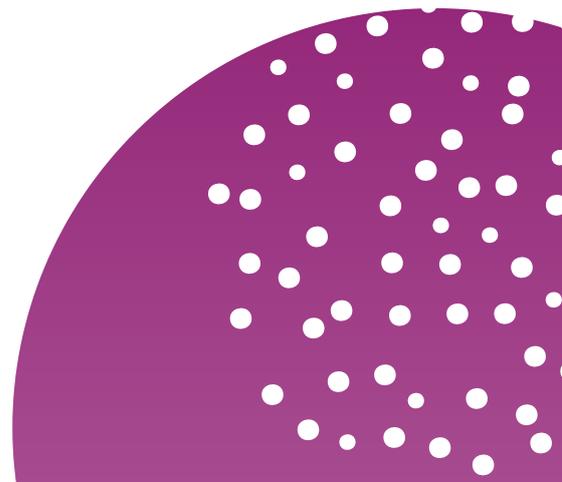

Learning & Skills Teacher Level 5

Overview

The Learning and Skills Teacher is dual-professional, having first achieved competence in a vocational or subject specialism and then subsequently trained as a teacher. This means that many teachers in the Education and Training Sector (ETS) begin teaching as a second, or even later career. The LST role is pivotal to the success of traineeship and apprenticeship programmes, in delivering effective vocational education and training that meets both learners' and employers' needs.

LST's teach young people and adults within all parts of the ETS, including work based/independent training provisions; further, adult and higher education; offender-learning; and the voluntary sector. LTS's are responsible for planning and delivering learning that is current, relevant, challenging, and that inspires learning to engage and achieve their full potential. LST's collaborate closely with colleagues and other ETS professionals in supporting learner progress. LST's ensure the physical, psychological and social wellbeing of learners.

Modules Include:

- Principles of effective programme design
- Principles of effective learning
- Principles of individualised (differentiated) learning
- Planning Learning
- Design and deliver learning sessions and activities
- Facilitate individualised learning
- Quality Assurance with education context

These modules are all underpinned by a set of behaviours

Length of Programme:
24 Months

Benefits:

- On completion of this qualification you will also achieve a level 2 certificate in safeguarding and a Level 5 diploma in education and training.
- Stepping stone to a position within training/leadership roles
- Knowledge Builder – helps understanding the knowledge and skills required to work successfully within Learning and Teaching
- Earn as you learn
- Government Recognised Qualification - equivalent to a Degree

End Point Assessment:

End Point Assessment (or EPA as it's known) has been created to assess the knowledge, skills and behaviours gained throughout the qualification. EPA is conducted by an external independent body chosen by the employer. EPA offers the chance to showcase your skills and be awarded a grade that reflects your performance. For this qualification the EPA consists of the following:

- 1-hour Professional Discussion informed by the TCS and OP (you will be asked to answer 15 prepared questions which will confirm validity and sufficiency of the evidence presented)
- 2 Teaching Observations (this will enable direct assessment of the skills, knowledge and behaviours)
